Tuesday Night Field Schedule

Shooting starts between 5 and 7 pm each Tuesday night, May 20th – August 19th. Participating archers will place \$5 for members and \$10 for non-members in the pot before shooting and shoot the assigned range with at least one other partner. Extra \$5 for non-members goes to the club for range use.

When all shooters have completed their round, we will draw blind partners and the highest total scoring team will split the pot! Each Tuesday night there will be a new pot....so you only need to shoot the nights you can make it!! The range choice will be decided each night, as the range is under construction.
